

Power Chairs

Reference no. PC010

Cruiser 10 - Komfi Rider Power Chair

The Komfi Rider power chair is suited to the less dependent user. The padded seat provides comfort and it features arms that can screw off for a side transfer. On board are 2x 35Ah AGM dry cell batteries which can give a max speed of 6.4kmh(4mph) and a max range of 32km(20miles), although the range and speed of the chair may vary depending on the weight of the user, terrain type, outside temperature and battery charge. We advise that you plan your route to avoid adverse terrain, inclines, kerbs and steps if possible; if this is unavoidable we do not advise an incline above 5° and a kerb / step above 4cm(1.5"). If it has been agreed that adjustments are necessary, this will need to be done prior to 1pm on the day of the cruise. Please arrange this with the office.

Specifications

Ground Clearance:	11cm / 4.3"
Length:	79cm / 30"
Width:	65cm / 25.5"
Seat Width:	45.75cm / 18"
